

Global Fund Portfolio and Regional Groupings

March 2026

Note: For HIV burden estimates, the regional and portfolio graphs might include countries with unpublished data from the technical partners.

Global Fund Portfolio

'Global Fund Portfolio' in the interactive site designates countries that have recently received global fund funding for the disease and have reported programmatic results over the past two cycles. In addition, countries only receiving funds through the nongovernmental organization (NGO) rule are not included in the aggregate data.

The inclusion of a geography in a regional grouping does not imply it has received funds from the Global Fund.

<u>Geography name</u>	<u>Global Fund region</u>
Benin	Western and Central Africa
Cabo Verde	Western and Central Africa
Cameroon	Western and Central Africa
Central African Republic	Western and Central Africa
Chad	Western and Central Africa
