6.1 The PFSC is mandated to develop the Partnership Forum to include an ongoing, broad-based consultative process and a biennial event to serve as a public forum for feedback from key stakeholders and open debate on policy issues.

Section II: Leadership

1. There will be a balance between chairs from developed and developing countries. There will be one chair per committee.

2. Committee chairs will preferably be either Board members or alternates. The Board Chair and Vice Chair, in consultation with the relevant constituency, will identify a qualified candidate to chair a committee for ratification by the Board. In the event the Board Chair and Vice Chair cannot agree on a qualified candidate, the Board Chair shall present a candidate to the Board for ratification. Candidates will be evaluated against the mandate of the committee.

3. For reasons of efficiency, the committee chair will, taking into account balance and availability, and in consultation with the relevant constituency, appoint a qualified Vice Chair. The appointment will be done in consultation with the Board Chair and Vice Chair to ensure the overall balance between the committees.

4. The Vice Chair is an active part of the committee leadership. The Chair will systematically consult the Vice Chair and, where appropriate and efficient, delegate tasks to the Vice Chair.

5. The Board Chair and Vice Chair will be able to designate or replace committee chairs when necessary as, for example, when a committee
chair is no longer available, or is not adequately fulfilling the role. The Board will approve the change of any committee Chair.

**Section III: Membership**

**A. Selection, Balance and Continuity**

1. The Board Chair and Vice Chair, in consultation with the committee Chair, will propose the constituencies to be included on each committee, based on applications made by constituencies for committee seats, for full Board approval. Each constituency may participate in a maximum of three committees. Where demand for committee seats exceeds the maximum, priority will be given to ensuring the balance of donors, recipient countries, NGOs, private sector and foundations.

2. Membership of committees will be by constituencies who will designate one qualified individual to be the committee member. While it is preferable that constituencies choose Board members or alternates to serve on committees, they are free to choose any individual to represent them. This individual should have an appropriate mandate, be sufficiently informed, briefed and empowered, so that they can contribute to the work of the committee and accurately represent their constituency.

3. In cases where a constituency’s committee member is not also the Board Member, the committee member is expected to represent the Board member’s positions and keep the Board member regularly updated on all committee activities.

4. While substitutes will be discouraged, committee members will be able to send substitutes as an exception without the approval of the committee chair.

5. Committee membership will be reviewed every time there is a change in Board leadership. Current committee membership will be reviewed in March 2004.

6. The renewal of committee membership will be led by the Board Chair in consultation with the Vice Chair who will consult with Board Members on their preferences and allocate membership based on priority expressed, with a view toward efficiency, productivity, rotation and continuity of the committees.

7. During the renewal of the committee membership the Board Chair and Vice Chair will take into account the balance of representatives of different constituencies from the Board and the representation on the committee, as well as the specific mandate of that committee.

8. Membership of committees will be limited to a maximum of three per constituency, except that membership of the Ethics Committee and the
Partnership Forum Steering Committee will be available to constituencies regardless of their current membership in other committees.

B. Accountability

1. The Board Chair in consultation with the Vice Chair will continuously review the output of committees, assess their effectiveness and make appropriate adjustments to membership and mandates as events require.

2. If, as a result of the monitoring and evaluation of a committee, a leadership problem is perceived the Board Chair and Vice Chair will make the necessary changes to the Chair and/or Vice Chair positions. No other leadership changes will be envisaged until the next formal committee selection process commences.

3. If, as a result of the monitoring and evaluation of a committee, a membership problem is perceived and a committee member is not performing, e.g. not attending committee meetings or not responding to explicit requests given by the committee Chair, then the first action will be for the committee Chair to consult with the concerned Board member. If the situation persists, the committee Chair will consult with the Board Chair and Vice Chair. As a last resort, the Board Chair and Vice Chair will remove the constituency from the Committee and the normal selection process will be followed to fill the vacancy.

C. Size

1. Committees will be limited to a maximum membership of seventeen, except the Ethics Committee which has a membership limit of four.

2. There will be no more than one member per constituency on any single committee. Only committee members (or their substitute) will attend committee meetings.

3. The committee Chair can decide on additional participation to the committee meeting but this will be limited to individuals who may have specific technical expertise required by the committee to perform its work, taking into consideration the cost implications. The invitation will be limited to participation in the relevant meeting and no other meetings unless the invitation is again extended.

4. There will be no open-ended invitations to constituencies to bring their own experts. There will be no observers permitted to attend committee meetings.

5. Since the committee Chair, for reasons of effectiveness, must chair the meeting without prejudice, the Chair will be permitted to bring an additional person from the constituency to act as committee member.
6. Where considered necessary by the committee Chair, the Vice Chair will be permitted to bring an additional person from the constituency to act as committee member.

7. In cases where the committee Chair or Vice Chair is from a recipient constituency (funded delegation) the additional person will be funded to attend the meeting.

Section IV: Operating Procedures

A. Terms of Reference, Timeframes and Work Methods

1. The Board will define mandates of the Committees. The Committee will then develop clear Terms of Reference and a workplan to reflect their mandate and distribute these to the Board Chair and Vice Chair and other committee Chairs and Vice Chairs. These Terms of Reference will be updated as new tasks are assigned by the Board.

2. Board requests to the committees will, after consultation with the committee Chair, state the timeframe in which they expect the work to be brought back to the Board. The time frame could be reviewed if necessary and on recommendation from the committee.

3. Committees will consult broadly on major policy issues and request and consider substantive comments from constituencies through the constituency’s designated representatives.

4. Constituencies who are not members of a particular committee will have access to the deliberative documents for those committees should they request it, and any substantive comments they may have will be considered by the committee.

B. Crosscutting issues

1. The Board Chair and Vice Chair have the responsibility to consult widely on crosscutting issues and ensure they are appropriately dealt with by Committees.

2. The Board Chair and Vice Chair will convene a meeting of Chairs and Vice Chairs of committees whenever appropriate before Board meetings or at/during committee meetings to ensure appropriate consultation.

4. The committee Chairs will work closely together, and discuss issues jointly on a regular basis.

C. **Use of External Experts**

1. [Expert input will be provided at the discretion of committees and in consultation with the Executive Director and may take the form of a panel of independent experts.]  
2. The committee Chair and Vice Chair, in conjunction with the Executive Director, will then choose the panel from the list of nominations submitted by the committee. The Board will not need to approve the specific list of individuals selected. These independent experts will be subject to the agreed conflict of interest provisions.

3. When Board committees have designated an expert panel, the expert panel will be able to meet with the full committee, or (at the committee’s discretion) independently, with only the committee Chair and/or Vice-Chair; in either case, Board/constituency members who are not members of the committee will not attend these expert panel meetings, unless invited to do so by the committee.

4. The committee will provide terms of reference for such panels.]

D. **Role of the Secretariat**

1. The Secretariat will co-ordinate and facilitate the work of the committees, providing support to the committee Chairs and Vice Chairs related to, amongst others, efficiency, continuity and management of crosscutting issues. The Secretariat will as early as possible identify crosscutting issues and facilitate the co-ordination of committee Chairs in order to ensure appropriate treatment of crosscutting issues, and to ensure coherence of recommendations on related issues or matters of principle.

2. The Secretariat will appoint one qualified individual from the Secretariat for each committee to be the Secretariat focal point.

3. The Secretariat’s committee focal point will be accountable on a long-term basis to the appointed committee/s and will, for reasons of efficiency, coherence and continuity, provide secretarial assistance and support to the work of the committees, attend the committee meetings, and assist the Chair and, subject to the role of the Vice Chair, the Vice Chair in order to
