Attachment A to Proposal Form - Service Delivery Areas

Prevention: Condom distribution
Prevention: Testing and Counseling
Prevention: PMTCT
Prevention: Post-exposure prophylaxis (PEP)
Prevention: STI diagnosis and treatment
Prevention: Blood safety and universal precaution
Treatment: Antiretroviral treatment (ARV) and monitoring
Treatment: Prophylaxis and treatment for opportunistic infections
Care and support: Care and support for the chronically ill
Care and support: Support for orphans and vulnerable children
TB/HIV collaborative activities: Intensified case-finding among PLWHA
TB/HIV collaborative activities: Prevention of TB disease in PLWHA
TB/HIV collaborative activities: Prevention of HIV in TB patients
TB/HIV collaborative activities: Prevention of opportunistic infections in PLWHA with TB
TB/HIV collaborative activities: HIV care and support for HIV-positive TB patients
TB/HIV collaborative activities: Provision of antiretroviral treatment for TB patients during TB treatment
Supportive environment: Policy development including workplace policy
Supportive environment: Strengthening of civil society and institutional capacity building
Supportive environment: Stigma reduction in all settings
TB: Identification of infectious cases
TB: Timely detection and quality treatment of cases
TB: MDR TB
TB: PPM (Public Private Mix)
Supportive Environment: Laboratory
Supportive Environment: Human resources
Supportive Environment: Community TB care (CTBC)
Prevention: Insecticide-treated nets (ITNs)
Prevention: Malaria prevention during pregnancy
Prevention: Vector control (other than ITNs)
Treatment: Prompt, effective anti-malarial treatment
Treatment: Home based management of malaria
Supportive environment: Diagnosis
Environment: Monitoring drug resistance
Environment: Monitoring insecticide resistance
Supportive environment: Coordination and partnership development (national, community, public-private)
Service delivery
Human resources
Community Systems Strengthening
Information system & Operational research
Infrastructure
Procurement and Supply management
## Proposal Details

**Applicant:**

**Component:**

### A. Goals and Impact Indicators over Life of Program

<table>
<thead>
<tr>
<th>Goal No</th>
<th>Goals Over Five Years</th>
</tr>
</thead>
<tbody>
<tr>
<td>a</td>
<td></td>
</tr>
<tr>
<td>b</td>
<td></td>
</tr>
</tbody>
</table>

Impact indicators are not normally measured for every year, and value targets do not need to be entered for every year.

<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

1. It is advisable to refer to the list of indicators indicated in the Multi-Agency Monitoring and Evaluation Toolkit, 2nd edition, January 2006. However, if the Service Delivery Area and indicators do not adequately reflect the existing national or proposal strategy, they may be expanded.

2. Grants should aim for each SDA to have indicators for each coverage level (3 points), 2 (service points supported), 1 (people trained). The default assumption is that targets described for an SDA reflect results that are already tied to Global Fund funding. If targets described for a particular SDA reflect results of a broader national, regional or institutional program to which Global Fund resources contribute, please check the box "N".

3. Methods of data collection can be sentinel sites, health statistics, surveys, others. Refer to the toolkit for more information.
