PURPOSE: This report provides a brief overview of the activities undertaken by the Transitional Governance Committee from January to March 2015.
Introduction

1. At the Thirty-First Board Meeting in March 2014, the Board leadership introduced a proposal for the establishment of an Ad-Hoc Working Group on Governance (WGG) (GF/B31/18). From May to October 2014 the WGG conducted a review aimed to “identify and recommend for Board consideration possible changes in Global Fund governance systems”. The WGG presented its final recommendations in the Governance Plan for Impact (“the Governance Plan”) which was approved at the November 2014 Board Meeting (GF/B32/DP04).

2. The Governance Plan recommended the creation of a transitional committee. The purpose of the Transitional Governance Committee (TGC) is to implement the recommendations outlined in the Governance Plan with the intention of improving the efficiency, effectiveness and consistency of the affairs of the Global Fund Board and its committees. During this transitional period, this committee will have the same standing in the governance system as the current committees.

Focus and Key Responsibilities

3. The Transitional Governance Committee will focus on the implementation of the recommendations from the Governance Plan and will have five key responsibilities:

   I. Oversee the key governance functions that were identified in the Governance Plan as missing or not currently being performed under the existing structures and needing to be addressed in the upcoming period and advise the Board thereon.

   II. Develop a Performance Assessment Framework and oversee the process of performance assessments of the Board and committees.

   III. Finalize the Enhanced Governance Structure for Board approval, including updated roles and responsibilities under the re-configured three-committee structure based on the preliminary model provided in the Governance Plan.

   IV. Develop the key components of a comprehensive Governance Framework for Board approval, to ensure that the Global Fund has the correct systems, processes and guidance to facilitate effective governance including guidelines for effective lifecycle and constituency management.

   V. Through a consultative process, develop proposals on the Board’s future size and composition.

4. The Transitional Governance Committee was constituted as a temporary committee commencing its mandate following the Thirty-Second Board Meeting. It will conclude its mandate upon the full constitution and implementation of the enhanced governance structure outlined in the Governance Plan, which is anticipated to be the end of March 2016.

Committee Selection and Membership

5. On 3 December 2014, the Chair and Vice-Chair of the Board (Board Leadership) launched the nomination process for the membership of the Transitional Governance Committee. Under its terms of reference, the Transitional Governance Committee is comprised of six voting members — three nominated by the implementer constituencies of the Board and three nominated by the donor constituencies of the Board. Representatives of the two constituency groups, donor and implementer, were asked to coordinate an open and transparent process among their respective constituencies so that three candidates from each constituency group would be nominated for consideration.
6. Nominations were received by 10 December 2014 and reviewed by Board Leadership, in collaboration with the Coordinating Group. Among other considerations, the evaluation of nominees took into account whether candidates had current or prior experience as a Board Member, Alternate, Communications Focal Point, Committee Member or other role within a Board constituency. Experience and knowledge in the field of governance, particularly with respect to reform and performance assessment, were also taken into consideration.

7. The proposed membership of the Transitional Governance Committee was approved via electronic Decision Point (GF/B32/EDP04) on 22 December, 2014.

GF/B32/EDP04: Membership of the Transitional Governance Committee

1. The Board notes its decision to establish the Transitional Governance Committee (GF/B32/DPO4) under terms of reference set forth in Annex 1 to GF/B32/ER05 (the “Terms of Reference”) and acknowledges the recommendations on membership of the Transitional Governance Committee presented in GF/B32/ER05.

2. Accordingly, the Board approves the appointment of the following individuals to serve on the Transitional Governance Committee for a term that will expire upon the conclusion of the Transitional Governance Committee's mandate, as outlined in the Terms of Reference:

   b. Marina Hue;  
   c. Jimmy Kolker;  
   d. Jorge Saavedra;  
   e. Viorel Soltan; and  
   f. Carsten Staur.

3. The Board acknowledges that members of the Transitional Governance Committee shall serve in their independent, personal capacity. As such, membership on the Transitional Governance Committee shall not apply towards the rule that each Board constituency may participate in a maximum of two committees.

(Virtual meeting were held using the new Zoom video meeting format being introduced by the Office of the Board Affairs to enable the needed frequency of meetings while remaining cost effective).

11. The virtual meetings were held as follows:
   a. 1st Virtual Meeting: 26 January 2015
   b. 2nd Virtual Meeting: 10 February 2015
   c. 3rd Virtual Meeting: 3 March 2015

12. The Vice-Chair of the Board joined in the first two meetings of the Transitional Governance Committee as an observer.

15. As a primary activity, the Transitional Governance Committee developed a draft workplan based on the mandate received through its Terms of Reference (attached as annex 1). The workplan identifies the key workstreams and deliverables anticipated to be completed by the Transitional Governance Committee within its term. It also clearly outlines the monitoring and oversight role of the committee. This document remains a draft live document and will continue to evolve as the work of the committee moves forward.

16. Giving consideration to the wide scope of Transitional Governance Committee, each workstream was assigned a Workstream Lead that will be responsible for the overall coordination of the workstream and its deliverables. The Workstream Lead will be supported by the members of the committee, as well as relevant members of the Secretariat. The Transitional Governance Committee may reach out and use the services of external experts to inform and support its work.
