Notice Number One to the Global Fund Request for Proposal TGF 016-159, issued 2nd December 2016 (the “**RFP**”) is as follows:

1. Notice number 1: Environmental Health and Safety (EHS) Audit Result

Section 2.2: Implementing the strategy through this RFP is completed by the following statement:

12. The EHS audit report and resulting qualification status determined by the Global Fund comprises a pass or fail criteria. The DNV GL’s audit reports will help the Global Fund to make its decision.

Following the one-day audit, DNV GL will submit a report of the audit findings to the Global Fund for its consideration. Please note that a ‘pass’ result of the EHS audit conducted by DNV GL will not result in a formal certification from the Global Fund. Furthermore, a ‘pass’ result is not a formal certification or accreditation to EHS standards by DNV GL. The Global Fund does not take responsibility for the EHS policies or practices of your company and we encourage your company to seek its own certification or accreditation to ensure continued EHS best practices. DNV GL and the Global Fund will not share the report of the audit or the findings with you.
