HER – HIV EPIDEMIC RESPONSE FOR WOMEN AND GIRLS

HER aims to reduce new HIV infections among adolescent girls and young women by 58 percent in 13 African countries over the next five years.

Now is the time to invest in women and girls to end AIDS. We can change the course of the epidemic. We can change the course of history.

OVER 1,000 YOUNG WOMEN AND GIRLS ARE INFECTED WITH HIV EVERY DAY

3 out of 5 HIV infections in people aged 15-24 occur among girls and women.

Despite representing just 4 PERCENT of the world population, 13 countries in Africa account for MORE THAN HALF of new infections among young women and girls.

Now is the time to invest in women and girls to end AIDS. We can change the course of the epidemic. We can change the course of history.
