Notes:

- The Procurement Services Agent Fee is expressed as a percentage of the total price of health products (excluding customs duty and other taxes, transport and insurance) based on the vendor's unit price stated on the purchase order. This excludes condoms and lubricants on which the Procurement Services Agent Fee is calculated based on the CIF value and not product value alone.
- The Procurement Services Agent Fee can change without prior notice, please check with the Global Fund PPM team for latest information.
- For other health products, not listed here, contact the Global Fund.
